

To: All Shareholders

This is to let you know that the Zoning Meeting that was scheduled for June 15th concerning the Proposed Fencing along the north end of Kreuzler Park has been re-scheduled for October 12th.

The County has made this request in order to have the necessary time to submit new proposals concerning LaPalma's easement and Palm Worth's concerns with activities at Access 12.

I also want to thank you, the majority of our shareholders, for the outstanding letters that were so influential in presenting Palm Worth's position on the need for continued access to the park.

The County and City Officials acknowledged that Palm Worth's position was very well delivered and heard.

Thanks,

Juanita Leary
Pres. Palm Worth BOD
