

TO: The Shareholders.

26 May 2020

The State of Emergency has been extended by the Governor of Florida until July 8th. After consulting our Attorney and based on his advice, the Board has voted to extend until July 8th our restrictions that allow shareholders only to reside and/or visit Palm Worth. This restriction also applies to immediate family. It is the responsibility of the Board and they are charged by the State of Emergency to protect all the residents of Palm Worth.

Thanks and be safe.
