

TO: All Shareholders.

15 July 2020

I have been advised by our Attorney that the State of Emergency for the State of Florida has been extended until September 8th. As you all know, Florida has suffered an increase in coronavirus cases that exceeds the majority of all other states.

Based on this latest information, the Board is only allowing shareholders and their immediate families at Palm Worth. This does not include any friends of shareholders nor friends of immediate family members. Any shareholder who is planning a visit to Palm Worth must notify Nichole, our Manager, as soon as possible. In addition, masks must be worn and the 6 ft distancing applies.

As far as maintenance work, only necessary work such as repairing building plumbing, windows, ACs and water heaters will be allowed. All emergencies are allowed but the shareholder must notify Nicole, the Manager, of any and all work that they are planning on having done. No contractors will be allowed on the property without prior clearance from our Manager, Nichole.

On a lighter note (I think), my revision surgery on my knee has been scheduled for July 27th.

It has been a long 10 months since I thought I had traded in for a perfect bionic knee but instead landed a less than perfect version. I am hoping for a quiet few weeks and that all things run smoothly at Palm Worth.

Stay safe!

Juanita Leary  
Pres., Palm Worth  
Board of Directors
