

TO: All Shareholders.

7 November 2020

The Governor of Florida has extended the State of Emergency in Florida an additional 60 days.

Based on our Attorney's advice and the rising cases of the coronavirus in the Country, all previous restrictions remain in place for Palm Worth. These restrictions apply to no visitors other than immediate family and only necessary maintenance and/or repairs. All shareholders need to notify our manager, Nichole, of all arrivals and scheduling of unit repairs and maintenance.

Thanks,

Juanita Leary
Pres., Palm Worth
Board of Directors
