

TO: All Shareholders.

4 January 2021

We have been notified by our attorney that the State of Emergency for the State of Florida has been extended by the Governor for an additional 2 months.

All restrictions that are in place will continue. All shareholders and their immediate family are allowed at Palm Worth as well as caregivers. However, no visitors or guests are allowed. Necessary maintenance and repairs are permitted. All shareholders need to notify our manager, Nichole, when they will be at Palm Worth.

Masks are required on the Palm Worth property except the pool area where 6 feet distances apply and the beach area.

Please understand and appreciate the need for Palm Worth as a community to protect

its fellow shareholders from the COVID-19 virus.

Without hesitation, I can tell you I am as eager as all of you for our world to return to some sort of normalcy.

Sincerely,

Juanita Leary
Pres., Palm Worth
Board of Directors
