

Report from Window Committee

In an effort to maintain the design and integrity of Palm Worth, the board has voted that when and if replacement of walkway jalousie windows/doors is necessary, new jalousies will be required. We have researched and found a manufacturer of jalousie windows and doors. We have also identified several issues that need to be resolved including the likelihood that some form of hurricane protection will be required in addition to new jalousies. Our goal is to be prepared in the event any jalousie replacements are needed. We need everyone to understand that there is no requirement to replace any jalousies at this time. However, it is our responsibility to keep all windows/doors in good working condition. For this reason, we are stressing the importance of maintaining our jalousies. Various parts of our jalousies are deteriorating as they age. Only maintenance, cleaning and proper lubrication will prolong the life of our jalousies.

We will start this maintenance in early May. This work is a tedious “catch-up” on maintenance which has not been done for many years. If this is done, it will be easier for owners to do their own routine maintenance in the future. We will be giving information and help with routine
