

TO: All Shareholders

1 May 2021

With a saddened heart, I was informed that Jeanne and Tom Wallis' son, Tom, lost his battle with the coronavirus. He is also the brother of Bob Wallis, Unit 509. Tom contracted COVID-19 while serving our country with the US Department of State in Lima, Peru. He had been transported to a Coral Gables FL. Hospital where he was in the ICU.

The extent to which this pandemic can and has touched everyone is so evident when

you learn of this sad passing of a shareholders' child.

Please remember the Wallises and their family in your thoughts and prayers.

Sincerely,

Juanita Leary
