

Shareholders,

We are closely monitoring Tropical Depression 9 which may or may not make its way to us here at Palm Worth mid week next week.

A couple reminders as we wait;

- If the storm does shift this direction and you need your shutters put down, Kevin can do so for \$25. However, you **must** get in touch with him and schedule prior to the storm's arrival.
- Per the PW house rules, all perishables should have been removed from your refrigerator and freezer. If they were left behind and there is a power outage you will be notified to remedy the situation, if no action is taken after 3 days of loss of power, your perishables will be disposed of for a fee of \$100
- As you know, beach chairs must be stored in your basement storage or apartment when you leave. Not only are there a large amount of chairs left under the staircase, they have been left in the maintenance area, not the designated chair storage. If they are not removed prior to the storm's arrival, they will be disposed of, per the house rules.

Further updates will be sent as needed.

--

Thank you,

Nichole Ware
