

Shareholders,

Our 60th celebration last night was a huge success due to the time, work and effort the social committee provided to our community. From the delicious dinner, decor, and music, all attending had a fabulous time.

A poem written many years ago by one of our original shareholders, with slight changes by Sue Keller, was given to all attending the party. If you did not get a copy and would like one, there are a few left that are available in the office.

Thanks again to our social committee for making Palm Worth something special.

Juanita Leary
President
