

Shareholders,

As of Wednesday this week, our new grill had arrived, got put together and was placed at the pool for use. This morning, just two days later, the grill was found uncleaned from the night before.

It is your responsibility to bring grilling and cleaning utensils with you during each use to be sure the grill is properly used and maintained. Palm Worth only supplies a grill brush.

If the grill continues to be left uncared for, it will be removed permanently.

Please see the attached pictures for reference. I have also attached the grilling instructions/rules that were mailed out to each of you last year.

Secondly, please remember you are not to leave/store/dispose of items in the maintenance room. Jake, of Streamline Junking (who was here for the last two days for the PW clean up) is more than happy to haul away items for you. He can be reached at 561-601-4903. Paint cans were found left in the maintenance room this morning. The trash services will not take paint, it has to be brought to the dump. Again, you can make arrangements with Jake if you are not willing or able to do so.

Your cooperation is greatly appreciated!
