

Dear Shareholders,

Streamline Junking will be here tomorrow and park their truck or trailer by the maintenance room back door. It will remain there all day. Kevin is going to clean out the maintenance room.

If shareholders have anything they want to throw away, large or small, furniture or household items, renovation debris, electronics, appliances, mattresses, etc. then you are cordially invited to participate. This is your chance.

Please do not deposit items in the recycling area or at the maintenance back door. Wait for the truck to arrive and then load it directly onto the truck or trailer.

Thank you,

Property Manager

Palm Worth
