

Attention Shareholder

Please be advised that Always Reliable Plumbing will be onsite Wednesday, May 8th around 9:00 AM to replace 3 valves.

They will need to shut off the water to the entire building for most of the day to complete the repairs

Therefore, you will not have water in your unit.

Water will be turned back on once the job is complete, most likely late afternoon on Wednesday.

Thank you.

Mike Guzman

Thank you,

Property Manager

Palm Worth
