

Dear Shareholders,

Last Friday we had the plumbers here at Palm Worth to replace the valves that turn off the water to the North and South buildings. The valve they replaced on the South building is leaking and is defective. The plumber has ordered a new valve and will be here Friday morning (June 7th) at 8:30 am to change out the defective valve.

THE WATER TO THE WHOLE PROPERTY WILL NEED TO BE TURNED OFF AGAIN THIS FRIDAY MORNING TO ACCOMPLISH THIS TASK.

The job is expected to be finished before noon on Friday. We apologize for this inconvenience.

Thank you,

Property Manager

Palm Worth
