

Dear Shareholders,

The walkway painting project will start on Tuesday August 13th, and access to apartments will be limited over the next several weeks. So if you or your family are planning to visit, you will have limited access. We will work with you regarding access if we know someone is coming. We will also provide information about what floors have been completed.

It is important to **Note that all Shareholders follow House Rules** and notify management of any guest and make sure all guests are properly signed-in to the guest book located in the 1st floor mailroom. We thank you for your cooperation and enjoy your summer.
