## Palm Worth Walkway Paint Project

We are preparing to take advantage of favorable weather later this week.

Starting on Friday December 20th and continuing on Saturday December 21st we'll begin painting the bridge connection between the buildings at the beach staircase.

This work is confined to the 4th and 5th floors only. Caution tape and safety cones will be in place.

Everyone will still have access to their front doors and elevators.

As a part of preparing for painting we will be hosing off the walks over the coming days.
