TO: All Shareholders

The Palm Worth was presented and officially approved as a Landmark Building at the Town Council Meeting on January 15th. There was a large contingent of Palm Worth shareholders and friends present for the unanimous approval and praise of our Palm Worth "Gem". In fact, during the break, Council members including the Mayor of Palm Beach let us know how much they appreciate the beauty and unique architectural design of Palm Worth. I am attaching the "10 Reasons To Landmark" for your info.

Thanks,

Juanita Leary
Pres., Palm Worth
