

Candidate information:

Barbara J Altenburg

I am running for the Palm Worth Board this year and I hope that you will allow me to represent your interests in not only preserving our community property but also Palm Worth as a community where we can enjoy where we live. I believe that safety is a very important aspect to living at Palm Worth- be it storm hardening, utility improvements and/or security.

My husband, Hill Rose and I are in unit 306, now for seven great years. We are active golfers and also have residences in Atlantis, Florida and Chapel Hill, NC. Palm Worth, however is home to me and I am homesteaded here, spending Oct- May and some weeks in the summer.

I am a retired professional engineer with a career in utilities.

My undergraduate degree is a BS in Ocean Engineering from MIT. I have an MBA in Finance from Seton Hall University.

I was previously on the Board for two years.

Denise Lilyholm Callahan
Board Candidate Information Sheet

I humbly submit my name for consideration as a candidate for the Board of Directors of Palm Worth, Inc.

As a third-generation shareholder, Palm Worth is my home away from home – my happy place. I have been coming to this special place for nearly 50 years – first, as a young teen to visit my grandparents, George and Millie Rivers, then, to stay with my parents, Len and Carol Lilyholm, during school breaks, and once I was married and started a family, to bring our three sons to see their grandparents over Spring Breaks. Most recently, for the past four years, I have rented a unit for the Season to be close to my parents and to help out as needed. Those were special years. During this time, I have also come to deeply cherish the friendships I have made with my fellow Palm Worthians.

I would like to contribute my background, experience, and skills as a board member. The first half of my professional career included working with and developing boards of directors, serving on committees, and heading up leadership development for a national non-profit organization. For the past 18 years, I have been the Chief Operating and Human Capital Officer for an ultra-high-net worth, multi-faceted family office organization with 80+ employees in three states. I serve as the senior management executive responsible for enterprise-wide operations, as well as human resources and private foundation management. Key areas of oversight include human resources management, leadership development and management training, development and implementation of enterprise-wide systems, policies and protocols, crisis management, and communications. In my role I also oversee property and estate management practices covering more than one-dozen properties in 3 states.

In my local community, I have served in leadership positions on school Parents' Associations, have served on and chaired committees at our Church, and have volunteered for numerous fundraising events for an inner-city charter school and a summer camp for disadvantaged youth.

My husband of thirty-one years, Chris, and I live in Gladstone, New Jersey, where we raised our wonderful three sons, Andrew, James, and Brady.

It would be my honor to give back to Palm Worth by serving as a board member.

Respectively submitted,

Denise L. Callahan
