RE: Beach Stairs Project and other comments

To All Shareholders:

Beach Stairs Project

Waterfront will be on-site tomorrow to set up. They will reconvene painting the beach staircase on Thursday 7/24/2025. We ask that everyone refrain from using the beach staircase so that the project can be completed in a timely manner.

Kevin is currently working on the painting of the parking spaces as some of the numbers are faded. David has been painting the thresholds. The good news is the beach staircase project is coming to an end so everyone will soon be able to have beach access as normal. We will keep everyone informed of any updates or other upcoming projects.

Thank you,

Palm Worth Staff
