

To All Shareholders:

In recent months several porches have experienced water intrusions where the air conditioning lines exit the unit.

Beginning at approximately 10am on Friday, December 5<sup>th</sup>, Scot Northup of the Building Committee would like to inspect your unit for signs of this issue in order to determine what measures can be taken.

If you are in residence or have guests occupying the unit, please let us know. The inspection should only take a couple minutes. Your cooperation would be appreciated.

Sincerely,  
Mike Guzman, LCAM  
Palm Worth, Inc.
