

December 31, 2025

To All Shareholders:

As a reminder, consider removing unwanted items from your storage lockers and apartments. Beginning Monday January 12th and running through Friday, January 16th, a trailer will be designated for your disposal drop off outside of Kevin's maintenance room.

On Saturday, January 17th, Kevin's nephew will move it to the dump. Also, if you have items that are too large for you to carry-down Jake Brocious said you could call him at # (561) 601-4903 and for a small fee which can be negotiable; he will bring down any large items you are looking to dispose of. Please take advantage of this opportunity.
