

To All Shareholders:

The beach season has arrived, and along with it the usual lack of space for all the beach chairs under the east stairwell. If you plan on being away for an extended period, and you have chairs stored in this area, please remove them to your unit or storage locker while you are away.

Remember that only (2) chairs per unit are allowed given the space restrictions. It would also be helpful, and thoughtful, to wash the sand off of your chairs before returning. Thanks for your understanding.
