TO ALL SHAREHOLDERS:

Just a friendly, but firm, reminder to let Mike the Property Manager know if you are bringing a contractor on site to work in your unit. This also applies to personal representatives, i.e. realtors.

Brings me to the word of the day: **TRANSPARENCY**

This word helps to protect the building and each shareholder in turn. It is non-negotiable.

We are still at this moment down to one elevator on the south side. Please be kind to this elevator. Hopefully we will receive a proposal shortly for the north side repair that's not too painful. Will keep you posted.

Thanks,

Glenn Watson  
Palm Worth Board of Directors
