

Subject: Our Neighborhoods Future: a crucial meeting with Lew Crampton
Town Council member and Candidate for reelection

Dear Palm Worth Neighbors,

The south end of Palm Beach is at a crucial turning point. The decisions made in the next few months and years will define our property values and quality of life for decades.

I have invited Lew Crampton to join us for an exclusive Q&A session. Having served on the town council for the last eight years, Lew has been at the center of the critical decision decisions affecting our area. This is your opportunity to hear Lew's vision for the future and discuss the impact of his nearly past decade of leadership.

Why you need to be there:

We will be addressing the four major issues currently facing our community:

Sand replenishment: protecting our beaches is a constant battle. What is the long-term strategy to ensure our shoreline remains intact?

The Lake Worth Lagoon: with rising water levels, we need to know the specific infrastructure plans to mitigate flooding in our immediate area.

South End redevelopment: as construction in density increases how will the town balance growth while preserving our neighborhoods unique character?

New zoning laws: major changes are coming. We need to understand how these laws will impact our views, privacy, and property rights.

This isn't just a campaign stop, it is a session for us to voice our concerns to a seasoned official who has the power to influence these outcomes. It's about protecting our investment. Let's make sure the Council members hear our voices loud and clear.

Meeting details:

When: Friday, February 27 at 10 AM

Where: Palm Worth clubhouse 2850 South Ocean Blvd.

Format: Brief presentation followed by an open floor for your questions

Please join us. Staying informed is the only way to ensure our Palm Worth's interests are protected. Refreshments will be served.

Best regards

Linda Sullivan
Apt. 305
